## Front Line Assembly

Advisory - the following lyrics contain explicit language:

The filth, the greed, immoral deeds  
The shameless urge of consumption  
A lustful motive against a fool  
One's will by force to be ruled  
Impulse to destroy this anti matter  
Contaminated with promise of belief  
Swimming in a world of creeps  
Vengeance is mine now  
Swimming in a world of creeps  
Vengeance is mine now  
Is mine now  
This catalyst, a tour de force  
A smut peddler with no redemption  
Immortal and unclean, infected and obscene  
Ill-defined objection  
Swimming in a world of creeps  
Vengeance is mine now  
Swimming in a world of creeps  
Vengeance is mine now  
Swimming in a world of creeps  
Vengeance is mine now  
[Incomprehensible]
