Yalla Habibi

Karl Wolf

We goin? international with this one
Kaz Money, Rime and the one and only Karl Wolf
Yalla Habibi
We can go
Far away
To a sunny place
Yalla Habibi
We can fly
To a place and hide
So we can spend time
Yalla Habibi
I miss the cuddlin?
Miss the kissin?
And miss the way you touch me
Why don?t we enjoy the beauty of life?
Yalla Baby
[Karl Wolf]Lately, seems like I haven?t had the time to enjoy life with you girl
But maybe I should take break from the limelight so we can get away
At least for a few days or a few weeks (yeah)
It would be amazing to treat ourselves just a little bit girl
We can go
Far away
To a sunny place
Yalla Habibi
We can fly
To a place and hide
So we can spend time
Yalla Habibi
I miss the cuddlin?
Miss the kissin?
And miss the way you touch me
Why don?t we enjoy the beauty of life?
Yalla Baby
[Rime]Baby it?s funny how you say this
Cause I was thinking the same thing
And honey we used to be like Bonnie and Clyde
But now we barely make time for each other
Let?s take a trip together
Go somewhere just you and I

Cause baby it?s been a while
We can go
Far away
To a sunny place
Yalla Habibi

We can fly
To a place and hide
So we can spend time
Yalla Habibi
I miss the cuddlin?
Miss the kissin?
And miss the way you touch me
Why don?t we enjoy the beauty of life?
Yalla Baby
[Kaz Money]Race to the top
We livin? life in the fast lane
Fast trips ya salam is in fast games
Top of the world looking down work hard
Stick with me girl you gotta be a brave heart
Distracted by flashing lights like Kanye
Somehow you keep me in the zone like Alazay
Either way you deserve it oh you?re a queen like Nefertiti
So

Yalla Habibi
We can go
Far away
To a sunny place
Yalla Habibi
We can fly
To a place and hide
So we can spend time
Yalla Habibi
I miss the cuddlin?
Miss the kissin?
And miss the way you touch me
Why don?t we enjoy the beauty of life?
Yalla Baby
We can go
Far away
To a sunny place
Yalla Habibi
We can fly
To a place and hide

So we can spend time
Yalla Habibi
I miss the cuddlin?
Miss the kissin?
And miss the way you touch me
Why don?t we enjoy the beauty of life?
Yalla Baby
Where else in the world would you wanna be but right here with us right now
Kaz Money, Rime and the one and only Karl Wolf
