End Up Like You

Burning Heads

We feed ourselves on things we see
Hungry eyes open it all comes to me
Between the lines we've learned to read
The song's just the same as you can seeAnd if I close my eyes I can't shake the view
I don't want to close my heart and end up like youDehumanized you've got no time to care
If we don't buy your time you will never share
Illegalize what you can't control
Your rules and decrees don't nourish the soulAnd if I close my eyes I can't shake the view
I don't want to close my heart and end up like you
