

# End Up Like You

## Burning Heads

We feed ourselves on things we see  
Hungry eyes open it all comes to me  
Between the lines we've learned to read  
The song's just the same as you can see  
And if I close my eyes I can't shake the view  
I don't want to close my heart and end up like you  
Dehumanized you've got no time to care  
If we don't buy your time you will never share  
Illegalize what you can't control  
Your rules and decrees don't nourish the soul  
And if I close my eyes I can't shake the view  
I don't want to close my heart and end up like you
