Lioness On The Rise

Queen Ifrica

Are you ready, oo oo oo oooWhen the roll is called out, I'll be standing tall up
To face the darkest and the hardest of times
We'll be taking care of, all the children thereof
But if it's required we'll be on the frontlineChorusYou can call me by my name
I am ready to roll
Once the rules remain the same
How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubtNever say never, willingness forever to fight, and be strong
Once it's for better I'll write every letter and moving right along
And I'll roll with the punches, accept the changes
Work with the formula, do what I have to doChorusYou can call me by my name
I am ready to roll
Once the rules remain the same
How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubtWhen you are willing to serve, we have room to observe
To see if you can walk the walk you talk
Let me give you my word, my voice must be heard
Bravery is a piece of my heartChorusYou can call me by my name
I am ready to roll
Once the rules remain the same
How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubtWhen the roll is called out, we'll be standing tall up
To face the darkest and the hardest of times
We'll be taking care of, all the children thereof
But if it's required, we'll be on the frontlineChorusYou can call me by my name
I am ready to roll
Once the rules remain the same
How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubtCall me by my name
I am ready to roll
Once the rules remain the same

How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubtCall me by my name
I am ready to roll
Once the rules remain the same
How the story's been told
Call me anytime, never cop out
Lioness is on the rise
Don't you ever have doubt
