

Bring It On Down

Jesus Jones

You know it hurts so good
Like all the best things always should
And I'm being led astray
I'm saying all the words I'll regret someday
But life's too short for me to care
Bring bring bring
Bring it on down, yeah
Bring bring bring
Bring it on down, yeah
I'm feeling fit to burst
But of all the words I'll use the worst
And I'm confused
But I know that there's no time to lose
And I'm just dying to tell you
Bring bring bring
Bring it on down, yeah
Bring bring bring
Bring it on down, yeah
We could spend our whole lives
And let it pass by
So let's bring it on down
Why watch the time fly?
Bring bring bring
Bring it on down, yeah
Bring bring bring
Bring it on down, yeah
Bring bring bring
Bring it on down, oh
Bring bring bring
Bring it on down, down, down, down
