

Ashtray Dirt

Subhumans

Ashtray dirt
Your lungs have got a dirty stain
All you feel's a cancer pain
Fingers turned a sticky yellow color
Every one fag is less one hour of your life Don't be a sucker and mess up your life
Smoking them fags from 9 to 5
You might as well eat the dirty dog-ends
You know you're going round the bend
They'll put you away I dunno why you smoke them No. 6
A packet of fags is a packet of tricks
I dunno why you smoke them fucking cigars
You're gonna stay helpless the way you are... You were but now you're dead with your ashtray dirt
