

Lost the Feeling

The Saint Johns

Midnight walking, underneath the blood red moon
I can hear the street lights talking, telling me you're coming
You're coming
Bet you're gonna call me up tonight
Stood up the dust of an old town villain
Bet you're gonna call me up
Bet you're gonna call me up, call me up

But what you don't understand is that I lost that feeling
Slip through my hands now it's gone too far
I said it before but you still not hearing
I, I, that I lost the feeling, feeling
I lost the feeling
I lost the feeling, feeling
I lost the feeling

Winds are changing, I can feel the pressure rise
I finally found the revelation, he was never in your eyes
I bet you're gonna call me up tonight
Stood up the dust of an old town villain
Bet you're gonna call me up
Bet you're gonna call me up, call me up

But what you don't understand is that I lost that feeling
Slip through my hands now it's gone too far
I said it before but you still not hearing
I, I, that I lost the feeling, feeling
I lost the feeling
I lost the feeling, feeling
I lost the feeling

I said ooohhhhh (feeling, feeling)
I lost it

But what you don't understand is that I lost that feeling
Slip through my hands now it's gone too far
I said it before but you still not hearing
Though that you still not hearing
That I lost the feeling, feeling
I lost the feeling

I lost the feeling, feeling
I lost the feeling
