

It Happens Every Time (dance Remix)

Dream Street

Can you hear the music playin'?
Can you feel the rhythm swayin'?
This is the sound of dreams come true
And I can promise you that
You are the one and only
And I'm the lost and lonely
We are the perfect dream come true
And I can promise you that
I hear a silly love song in my heart
It happens every time when I see you
It happens every time when I think of you
It happens every time, oh it's magic when we meet
Baby, down on dream street
Down on dream street
Down on dream street
Down on dream street
Down on dream street
Let me take you by the hand and
Walk you down the milky way
'Cause you make me feel I'm so alive
Though I promise, baby
I hear a silly love song in my heart
It happens every time when I see you
It happens every time when I think of you
It happens every time, oh it's magic when we meet
Baby, down on dream street
It happens every time, it happens every time
Oh, it's magic when we meet
Baby, down on dream street
When I close my eyes
There's angels all around
Singing a love song
You know it happens every time
When I see you
Oh, it happens every time
It happens every time when I see you
It happens every time when I think of you
It happens every time, oh it's magic when we meet
Baby, down on dream street

It happens every time, it happens every time
Oh, it's magic when we meet
Baby, down on dream street
Down on dream street
Down on dream street
Down on dream street
Down on dream street
