

# The Outcast

## Dropkick Murphys

If they can make a law  
Then I can break a law  
If I can break a law Will the law break me?  
It comes tumbling down again  
I can't comprehend  
Is it destiny? Are you a refugee?  
A nomadic state  
No place to call your home  
Forever walk alone  
As the world goes on  
Forgotten by the ones you know [Chorus:]  
And all the words you gave me  
I lost on bended knee But you can't stop these cravings just by praying they would cease  
If I can make a life  
Then I can take a life  
If I can save a life  
Will this life save me?  
Time after time  
I still seem to find  
You're looking out for me  
So wrap your arms around me  
Hold me close and don't let go  
Let me lean on you as I think things through  
If I don't we'll never know [Chorus x2] Will your faith save me?  
Will I find this place where I belong? (Find this place where I belong) Can you protect me from my troubles?  
Keep me safe from harm? Will you help me carry on?! [Chorus x2] Then they can break a law  
If they can make a law  
If I can break a law Will the law break me?  
It comes tumbling down again  
I can't comprehend  
Is it destiny? A nomadic state  
Are you a refugee?  
No place to call your home Forever walk alone  
As the world goes on  
Forgotten by the ones you know
