

The Neverending Sigh

Foo Fighters

[Verse 1]

Hurt, as me

The end is near

Thought you'd never leave

Heart and teeth

Just to taste bittersweet

One last thing to get beneath the skin

Beneath the skin[Chorus 1]

The wish is drawn inside

The neverending sigh

No one lets everyone in

No one lets everyone in

My exit, no exit

No one lets everyone in[Verse 2]

Me and you

Draw the line

Now it's time to move

Face to face

Damn the luck messes with me

Heaven, what's come over me?[Chorus 2]

The wish is drawn inside

The neverending sigh

No one lets everyone in

No one lets everyone in

My exit, no exit

Go on let everyone in

No one lets everyone in
