

# Daddy May I

## Ali Holder & The RainDoggs

He's goneÂ

So do what you wanna do

I need, daddy

How can I please you

Prove that you can control me

I'll thank youÂ

As - - -

But I fight

I expect punishmentÂ

When I lay toÂ sleep you're still in my headÂ

You control -- over my bedÂ

Your discipline helps keep me aliveÂ

Let me, oh baby

Please, daddy, can I?

Oh please, daddy, may I?

When you call it seems so clear

My rage swordÂ

By your full hand

Only your voice can call my fearsÂ

I simply -- as youÂ commandÂ

There's -- in this missionÂ

I feel safe as your possessionÂ

I'm secure in your --

Hurt me it will please youÂ

-- -- Just say that you're mine

When I lay to sleep you're still in my head

Your control over, over our bed

Discipline helps to keep me aliveÂ

I like too,Â oh baby

Please, daddy, can I?

Please, daddy, may I?

Don't let satisfy you daddy

But you leave me --Â

You -- -- -- my strankÂ growÂ

Give me all you have but I need more

When I lay to sleep you're still in my head

Your control over, over our bed

Your discipline help keep me aliveÂ

I like too, oh baby

Please, daddy, can I?
