By Your Side

Noah Young

I think it's time you see just what you mean to me
I'd wait forever if you would ever
See yourself like I do because I believe that you
Are everything to me. I feel likeAll that I could do is not enough
Because when I look at you my heart just stops
And you take my breath away with every word you say
I hope that you know I'll always be by your sideAnd when I'm holding you I'm right where I belong
I've never been so weak I've never felt so strong
You're taking over me
And I am feeling brave and I am feeling scared
I am so unsure but I am so prepared
For what's ahead of usAll that I could do is not enough
Because when I look at you my heart just stops
And you take my breath away with every word you say
I hope that you know I hope that you know that
All that I could do is not enough
Because when I look at you my heart just stops
And you take my breath away with every word you say
I hope that you know I'll always be by your side
I'll always be by your side
I'll always be by your side
