

# Wings

## Halestorm

I have to admit I've made poor decisions  
of relationships in the past  
But I've learned through my delusions  
In result I found you at last  
Well I never knew til you showed me  
What real love was all about  
And with this true love that I found in you,  
I'll never let you down  
How could I live without you beside me?  
I could not live without your love to guide me  
Your love has set free wings inside of me  
I'm soaring on the wind with wings of love  
I think about you all the time  
You're always on my mind  
I know no matter where I am or what I do  
I know you'll always be by my side  
Well I never knew til you showed me  
what real love was all about  
And with this true love that I found in you  
I'll never let you down  
How could I live without you beside me  
I could not live without your love to guide me  
Your love has set free the wings inside of me  
I'm soaring on the wind  
Cuz I've walked a million miles  
I've met a million people  
but no one on this earth can compare to you  
I know no matter where I go  
Or what I do  
The only thing I need to know is I'm in love with you  
How could I live  
Your love has set free the wings inside of me  
and I'm soaring on the wind  
With the wings of love
