# Hourglass

## Lily & Madeleine

Tryn' to make the time go faster
Don't know what it is you're after
Please don't rushEvery second, ever changing
Always on a record playing
It's too muchRain falling hard and steady
Don't stop until I'm readyOoh! This is my hourglass
Ooh! Let me stay where I am
Seconds pass
through my hand
flawlessly
like the sand
and it's falling
and it's fallingPassing cars and nameless faces
Don't know what it is they're chasing
Leave me behindI'm well aware that out my window
there's so many places to go
but all in good timeTh rain falling hard and steady
Don't stop until I'm readyOoh! This is my hourglass
Ooh! Let me stay where I am
Seconds pass
through my hand
flawlessly
like the sand
and it's falling
and it's falling
and it's falling
and it's fallingI'll turn it over when it runs out
I'll turn it over whenOoh! Ooh!
Seconds pass
through my hand
flawlessly
like the sand
and it's falling
and it's falling
and it's falling
and I'm falling
