Like Myself

You Blew It!

I've got a leak
Certainly it pushes thoughts behind my teeth
It fills the room around me
So light, its mess, it rises up
And hangs until it drops
Blanketing surroundingsI don't feel like myself
Or anyone elseI don't feel like myself
Or anyone else
I don't feel like myself
Or anyone else
Prescribed to feel this way by oxygen
That I exhale as poison
Well, do I exhale this poison?
So if it seems like there's no air to breathe
Or if the room's collapsing
Well, you can blame it on me
My brain just can't contain
The chemicals its made
My frame just can't contain
The chemicals I takeI don't feel like myself
Or anyone else
I don't feel like myself
