We Versus the Shark

Gotta plan, got a plan
'Cause the day is long - and order makes them happyI know why they smile
Why they smile
YesYou might be three-piece suited for a three-course meal
But you might not be ready for how it
feels
D-d-d-down the road
You got one hot mortgage, you got two-point-five
Kids in the stable running wild
You're liable to explodeGotta play, gotta play
All day long - words will make you happy
Gotta play gotta play on that jungle gym
Words will make you happy happy
