Black Tongue

Yeah Yeah Yeahs

Hot
You can keep your black tongue
Well I found at the mortuary
You know I'm gonna want some, want some
We'll hide in the backroom gonna have a packed suit
With this you will regret
Just let it be your yeah, yeah, yeah
Sunny kept his rain on, red tape so ordinary
Love I feel like it was gone, gone, gone, gone
Let's do this like a prison break
I wanna see you scream and shake
Boy you just a stupid bitch
And girl you just a no good dick
Boy you just a stupid bitch
And girl you just a no good dick
Boy you just a stupid bitch
And girl you just a no good dick hot
Were gonna keep it in the family
Yeah well even though were on the run
You know you want some, want some
Well hide in the backroom gonna have a packed suit
With this you will regret
Just let it be your yeah, yeah, yeah
Boy you just a stupid bitch
And girl you just a no good dick
Boy you just a stupid bitch
And girl you just a no good dick
Boy you just a stupid bitch
And girl you just a no good dick
