

# Rubella

## Smoking Popes

I'm inflamed with desire and it's spreading like wildfire  
She doesn't know it but she'll soon be mine  
It's just a question of time, Rubella I'm insanely obsessed and I simply will not rest  
She doesn't know it yet but she's the one  
And I won't stop until I'm done, Rubella And the heart that she has stolen  
Has now swollen twice it's natural size  
I've lost six pounds since I laid eyes on her, Rubella I'm in love with a girl she's affected my whole world  
She doesn't know it but she's inside me  
And now I've gone completely, Rubella
