Ohh, ooh yeah
Searched the world over until I found you
Thanked Jehovah for you
Didn't know your occupation
What you do, it didn't matter
Linen, hers and his, when I shop with you and
Every day, a happy day being in love
Ooh, you had me sewed up
So sewed up
Yeah, cold
Searched the world over until I found you
Thanked Jehovah, yeah, for you
Didn't know that His creation was a crazy fool
And now the situation is, oh, me and you
When I should've prayed that you'd change then, oo
You turned so cold
You turned so cold
You turned so cold
Tell me why, why'd you have to do this here
I did every thing you like, yeah
You know I did, yeah
Oh, love from my family, yeah
Close with all my friends
They said you were no good for me, no
But I didn't listen
Made a claim, you would love me always
And I made them stay away
So they wouldn't persuade me
Ooh, nothing was safe, no, not, not for me
I slipped, I didn't know it could be so cold
I slipped, yeah, slipped up and fell in love with an iceberg, oh yeah
I slipped, I slipped on an iceberg, so cold, cold
I slipped up and fell in love with an iceberg, yeah
How could you turn so cold, so cold?
I gave you all I had, yes, I did
Such a fool, why?
You turned cold
Turned cold
You turned cold

Turned cold
