

One of Those Songs

[Linda Clifford](#)

Well, this is one of those songs that you hear now and then,
You dont know just where and you dont know just when.
Its one of those songs that are over and then,
Its one of those songs that start playin again. Yes, its just one of those songs that you hear for awhile.
That comes into fashion then goes out of style.
Its one of those songs that you think you forgot,
But its one of those songs you cannot. Hey!!!!!!! Because its one of those songs that can make you recall
A ride in the spring time, a walk in the fall,
A day in the country, a night on the town,
The sun coming up, or the rain coming down,
Or else the evening you parted, the morning you met,
the love of your life you can never forget.
The reason is simple. The memory belongs
To one of those wonderful songs! Because its one of those songs thats so easy to hear.
You listen just once then you play it by ear.
Its hummed on verandas, its strummed on guitars.
Its all you remember is la da da da,
But later on you recall it in some other year.
You may start to smile. You may shed a tear.
You find that one part of your life time belongs
To one of those wonderful songs.
To one of those wonderful songs.
To one of those wonderful songs!
