

The One

Tamar Braxton

Yeah, yeah

On the track

Go You know very well who you are

You're the only one, you've got my heart

And you've had a few, boy one too many

But I'm the only one to wake you up (It was all a dream) I reminisced the way we kissed

It felt so personal

You took the chance to get my love and now you know (It was all a dream) That I don't need no one baby

With out you I'm incomplete

My love is just like the bar

Put it all on me I don't want nobody else

Baby all I need is you

(You're the one I want)

And I don't want nobody else

Baby all I need is you

(You're the one I want) You know very well, you're a star

Cause I don't go that far, look where we are

And ain't none like you, one in a million

But I'm the only one to count you ooh (It was all a dream) I reminisced the way we kissed

It felt so personal

You took the chance to get my love and now you know (It was all a dream) That I don't need no one baby (I don't need no one)

With out you I'm incomplete (incomplete)

My love is just like the bar

Put it all on me (put it all on me yeah) I don't want nobody else

Baby all I need is you

(You're the one I want)

And I don't want nobody else

Baby all I need is you

(You're the one I want) I reminisced the way we kissed

It felt so personal

You took the chance to get my love and now you know That I don't need no one baby (no baby)

With out you I'm incomplete (incomplete)

My love is just like the bar (like a bar)

Put it all on me (put it all on me yeah, yeah)

Put it all on me

All on me

Whoooo!
