## Palmistry

Mmhmm...  
Oh, oh, oh, oh, oh, oh...  
Life is this, life is that  
Plenty time for love, yeah, make room for that  
Life is this, life is that  
Plenty time for love, yeah, make room for that  
Life is this, life is that  
Plenty time for love try make room for thatUntil yeah, you fall back  
Then we zoomzoom, we zoomzoom, we zoomzoom  
We zoomzoom, ugh  
Fall back  
If it's line after of everything  
You know line after line my enemy  
Line after line of everything  
Yeah, line after line my enemy  
Line after line my enemy  
Line after line of everything  
Yeah, line after line my enemy  
There's no remedy  
It's line after line of everything  
And line after line my enemy  
There is no remedy  
Unless it's line after line of MME  
And then line after line of everything  
Mhmm, it's like that  
Until yeah, you fall back, until you fall back  
Look how I fell
