

# Ring Of Fire

Def Leppard

Thunder, you're tempting me  
A feast of spice in the night is what I need  
Ooh I'm a ready to roar and I'm a ready for more  
Well I'm a ready to burn like a light to the dawn Oh, I gotta see the fire in me turnin' into ecstasy  
So stick around and settle down, enjoy the mystery  
A voice in the wilderness, there's somethin' in the air  
A hidden love, forbidden pleasure, suffer secret pain Thunder  
(Are you ready, ready for thunder?)  
Feels like fire  
(Are you ready, ready for thunder?)  
Ring of fire Heartless, so indiscreet  
You're stealing up from behind a raging heat  
I'm staring into the sun, I'm staring into a gun  
I'm stirring up a storm, turn it on and let it burn Oh, I gotta see the fire in me turning into ecstasy  
So stick around and settle down, enjoy the mystery  
A voice in the wilderness, there's somethin' in the air  
A hidden love, forbidden pleasure, suffer secret pain Thunder  
(Are you ready, ready for thunder?)  
Feels like fire  
(Are you ready, ready for thunder?)  
Ring of fire  
(Are you ready, ready for thunder?)  
Oh, feels like fire  
(Are you ready, ready for thunder?)  
Ring of fire Thunder, you tempted me  
You cut me up like a knife so tenderly  
Oh I gotta see the fire in me burning up my ecstasy  
A hidden love, forbidden pleasure, suffer secretly Oh no  
(Are you ready, ready for thunder?)  
Feels like fire  
(Are you ready, ready for thunder?)  
Ring of fire  
(Are you ready, ready for thunder?)  
Feels like fire  
(Are you ready, ready for thunder?)  
Ring of fire  
Yeah, yeah, yeah, yeah
