

I Lost It All

Aaron Lewis

When I die I'll go to Heaven
Because I spent my time in Hell
I've never claimed to know the answers
But I've faked it pretty well And I've walked straight through the valley
Full of shadows and of death
And I've learned a lot of lessons
But they haven't killed me yet And I lost it all, I tried to make it through my pain
And I lost it all, and it'll never be the same
And right now the only thing that's left, is sadness and the shame
I lost it all, and it'll never be the same
I lost it all Now I've heard so many stories
Full of sadness and regret
And I've learned a lot of answers
To the things I didn't get But I lost it all, I tried to make it through my pain
I lost it all, and it'll never be the same
And right now the only thing that's left, is sadness and the shame
I lost it all, and it'll never be the same
I lost it all Now somewhere in the darkness
There shines a little light
A chance for me to be forgiven
But I couldn't get it right I lost it all, I tried to make it through my pain
I lost it all, and it'll never be the same
'Cause right now the only thing that's left, is sadness and the shame
I lost it all, and it'll never be the same
'Cause I lost it all
I lost it all So if I die I'll go the Heaven
Because I spent my time in Hell
I never claimed to know the answers
But I've faked it pretty well
