Nightwish

[Part 1]Wish upon a star
Take a step enter the land
Walk through the air
Take my hand
Wishmaster's will -
Join him the quest for dream
A make-believe
Is all we ever needWish upon a star
No matter who you are
The second star to the right
Harbinger's gate
Beyond the boundaries
Blossom ballet
In the great wide somewhereWish upon a star
Believe in will
The realm of the king of fantasy
The master of the tale-like lore
The way to kingdom I adore
Where the warrior's heart is pure
Where the stories will come true[Part 2]A cub of the king betrayed by usurper
A girl in the rain swearing to her father's name
Belle the last sight for the dying gruesome
The beauties sleeping awaiting
Deep in a dream
For true love's first kissBald Mountain Night
Devil heart endures but light
A mad aerial dance
Chernabog's succubiBlack Cauldron born
Gurgi's heart forlorn
Pig-keeper or hero
On a quest of auguryMaleficent's fury
The spindle so luring
Dragon fight, dying night
Dooming mightApprentice of Yen Sid
Conducting the galaxy
Dreamer on mountaintop
Spellbound masquerade[Part 3]The Sailor an idol for the six-year-old in me
The Phoenix of White Agony Creek
Enchantress, A mermaid in a tale as old as time

A Dragon slayer, The AwakenerWish upon a star
Believe in will
The realm of the king of fantasy
The master of the tale-like lore
The way to kingdom I adoreWish upon a star
Believe in will
The realm of the king of fantasyWish upon a star
Believe in will
The realm of the king of fantasy
