Take Everything

Greg Laswell

You say the sky is green
I don't know what you mean
Your lies were always clear but I don't mind

No, I don't mind, I don't mindGo on and take everything from me and more Go on and take everything from me and moreYou say the sky is blue

As long as I'm with you

[Incomprehensible] but I don't mind

No, I don't mind, I don't mindGo on and take everything from me and more Go on and take everything from me and more

Go on and take everything from me and moreYou have your reasons why You've got them all in line

You think that I am blind but I don't mind

No, I don't mind, I don't mindGo on and take everything from me and more Go on and take everything from me and more

Go on and take everything from me and moreGo on and take everything from me and more

Go on and take everything from me and more

Go on and take everything from me and more

Go on and take everything from me and more
