Sore Thumb

The Kicks

If I had a dime for every time I heard them ask me why
Don't ask why, cause you won't understand
My mother tried to tell me, she said, "boy, you'd better make a plan"
Cause they will try to bring you down
Try to bring you down
Try to bring you down
And it goes on and onYou gotta get out
Of my head
I'm knocked down
I am not dead
So get out
Of my head
I'm knocked down
I am not deadMy uncle tried to tell me, he said "Are you gonna get a job?"
I said "probably not". It'll bring me down.
My girlfriend tried tell me she said "boy you make a plan"
"Cause I wont let you bring me down"
Don't you bring me down
Dont you bring me downSo get out of my head
I'm knocked down
I'm not dead
So get out
Of my head
I'm knocked down
I am not deadDon't try to bring me down
