

My Day

Lou Bega

hello, how you doing, ma'am
my name is Mr.Bega
i'm still the broken dump
my only change is latter
can't you wait that little longer
my message here is stronger
i wonder if you are going under

tic tok tic tok time is running up
tic tok tic tok just watch your clock
tic tok tic tok life is too short
life is too short

everyday is my-my-my-my day
life is just a ha-ha-ha-holiday
from sturday to fri-i-i-iday
everyday is my-my-my-my-my day

everyday is my-my-my-my day
as sufficient as la-la-la-last day
from sturday to fri-fri-fri-friday
everyday is my-my-my-my-my day

come on everybody life is like a booster
you wake up in the morning, and greet it like a rooster
good days bad days were they on the way
it really does't matter as long as you complete

tic tok tic tok time is running up
tic tok tic tok just watch your clock
tic tok tic tok life is too short
life is too short

everyday is my-my-my-my day
life is just a ha-ha-ha-holiday
from sturday to fri-i-i-iday
everyday is my-my-my-my-my day

everyday is my-my-my-my day
as sufficient as la-la-la-last day

from sturday to fri-fri-fri-friday
everyday is my-my-my-my-my day

oh yeah
heh it's my day mate

everyday is my-my-my-my day
life is just a ha-ha-ha-holiday
from sturday to fri-fri-fri-friday
everyday is my-my-my-my-my day

everyday is my-my-my-my day
as sufficient as la-la-la-last day
from sturday to fri-i-i-iday
everyday is got to be my day
