Seether

You could've been the real one
You could've been the one enough for me
You could've been the free one
The broken down and sick one
Remnant of a vacant lifeYou come around
When you find me faithless
You come around
When you find me facelessFuck me like you hate me
(Dig it up and tear it down)
Dig me up and hold me now
Fuck me like you hate me
(Dig it up and tear it down)
I love the sound when you come undoneYou could of been the the next one
(God only knows)
You could've been the one to comprehend me
You could've been the only one
(The broken down and sick one)
You could've been the one who I lie withYou come around
When you finally face this
You come around
When you find me facelessFuck me like you hate me
(Dig it up and tear it down)
Dig me up and hold me now
Fuck me like you hate me
(Dig it up and tear it down)
Don't make a sound till I come undoneYou'll never break me
You'll never break me
You'll never break meYou could've been the real one
You could've been the last one alive with
You could've been the owned one
I should've been the one who diedYou come around
When you finally face this
You come around
When you find me facelessFuck me like you hate me
(Dig it up and tear it down)
Dig me up and hold me now
Fuck me like you hate me
(Dig it up and tear it down)
I love the sound when you come undoneFuck me like you hate me

(Fuck me like you hate me)
Fuck me like you hate me
(You'll never break me)
Fuck me like you hate me
(Dig it up, tear it down)
You'll come around when you find me faceless
