

# She Lets Me Be a Man

Tyrese

Said, I got the best woman in the world, tell me  
Where would I go, where would I be without you, baby  
Oh my baby, this is how I feel Even when she don't understand  
She don't be stressin' me  
She just let's me be the man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man My baby knows that I love her  
When I'm on the streets, she don't have to wonder  
Keepin' it cool, I remain true  
Nothing in the world worth losing you I might talk noise, frontin' for my boys  
Might chase skirts, flirtin' don't hurt  
Up in the club, I ain't nothing but a thug  
But I'll never jeopardize our love I come home a little late  
She ain't all up in my face  
If I don't return her page  
Everything is good, yeah I'm only tryna get us out the hood  
So I get [Incomprehensible]  
I know I got her trust  
That's more than enough  
She's always got my back  
She's down for me Even when she don't understand  
She don't be stressin' me  
She just let's me be the man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man She's always been my best friend  
Right there beside me through thick and thin  
When I was young, dumb and had no dough  
Anybody else woulda bounced a long time ago Think all the times I made her cry  
When I shoulda told the truth and I told a lie  
I don't deserve her no, she won't let go  
In spite of everything I come home a little late  
She ain't all up in my face  
If I don't return her page  
Everything is good, yeah I'm only tryna get us out the hood  
So I get [Incomprehensible]  
I know I got her trust  
That's more than enough

She's always got my back  
She's down for me Even when she don't understand  
She don't be stressin' me  
She just let's me be the man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man Even when she don't understand  
She don't be stressin' me  
She just let's me be the man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man She loves me unconditionally  
Through all my flaws and insecurities  
And I love her for that  
She'll never turn her back on me  
She'll always be my baby  
Be my baby, baby, baby, baby Oh, what have I got myself into  
I done found the number one woman in the world  
She'll always be my baby girl  
Even if she don't understand Even when she don't understand  
She don't be stressin' me  
She just let's me be a man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man Even when she don't understand  
She don't be stressin' me  
She just let's me be a man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man Even when she don't understand  
She don't be stressin' me  
She just let's me be a man  
And if ever I'm weak and reach for her hand  
She don't throw it up in my face  
She let's me be a man Even when she don't understand  
She don't be stressin' me  
She just let's me be a man
