Madeon

If I fall
Down on my knees
Wondering for
What we could beIf I could
Try a little harder
I would succeed (oh, oh)
I'd rather give up
And be happyI will come home
I will come homeI will come home in time
We will grow hold and break apart
It's what I told you from the start
Oh, with our sleighs apartIf I could
Try a little harder
I could succeed
I'd rather give up
And be happyI will come home in time
We will grow hold and break apart
It's what I told you from the start.
Oh, with our sleighs apart
I will come home in time
We will grow hold and break apart
It's what I told you from the start.
Oh, with our sleighs apartI will go home
I will go homeIt's all I've told
