

# Vaporous (Elsiane - Album Version)

## Elsiane

you got to know  
i'm always in the way  
upside down to you  
open to all  
these tangled knots of living  
finally caught me too  
don't leave me alone  
standing here for ever  
hoping you how ever  
i'm a little girl  
boiled into a mature  
little piece of work  
so if you see me  
just smile  
so if you see me  
just try  
on and on
