

# Bad I Am

## Kingdom Come

I'm a bad boy  
Need a new toy  
On my next chase  
I need a new taste Gonna cruise the town  
Gonna hunt you down Got bad behaviour  
And don't do favours [Chorus:]  
Now you know just how bad I am  
Gonna take as much as I can  
I'm a hopeless, dangerous man Pleasure cruising  
Is all I'm doing  
Got no trouble in mind  
At least not most of the time But when I'm striking  
Fear is rising Oh yeah, bad news are coming your way... You're damned right, saying how bad I am  
You can't kill the wolf in a man  
You can try as hardest as you can Yes, I know just how bad I am...
