Get On Up

The Esquires

Yeah, said it sounds so good to me
You gotta get on up
Gotta get on up, yeah, yeah, yeah, yeah
You gotta get on up, now
Say it again, Jodeci
Get on up
Gotta get on up
You gotta get on up, now
Wait a minute, let me tell you
Everybody grab somebody
Turn this mutha into a party
Fellas take your lady's hand
Ladies go and choose your man
There's no need to be afraid
Friday night, let's all get paid
Positive is the attitude
Negative is not the mood
Get on up, no, no
You gotta get on up
You gotta get on up, now
Let's say it again
Get on up
And you can't sit down
You gotta get on up, now
And you can't sit down
Now that everybody's movin'
Everybody in here is groovin'
Everything is alright
This atmosphere is so nice
The D.J. is doin' his duty
All the ladies shakin' their booty
And the night is still young
And the party's just begun, yeah
Get on up
And you can't sit down
You gotta get on up, now
And you can't sit down
Get on up
Get on up

And you can't sit down
You gotta get on up, now
Get on up
And you can't sit down
You gotta get on up, now
And you can't sit down
Get on up
And you can't sit down
You gotta get on up, now
Party, party, party all day, baby
All day, don't you never, never
Never, never, never stop
Never stop, never stop
And you can't sit down
Get on up
And you can't sit down
You gotta get on up, now
And you can't sit down
Get on up
Everybody just get on up
You gotta get on up, now
Get on up, ooh yeah
It feels so good
Said it feels so good
Said it feels so good
I just wanna get on up
And you can't sit down
And you can't sit down
You gotta get on up, now
And you can't sit down
You gotta get on up
Get on up
