# What You Gonna Do?

## Puff Daddy & The Family

Play-N-Skillz
So what you gonna do?
What you, what you gonna do wit it?
Well, it's the King of the Trill, Bun B on the flip
Comin' down, drippin' that candy with grain and grip
You see my tippin' my fours, see me bangin' my screws
See me lookin' for something jazzy baby, just like you
So what you gonna do?
So what you gonna do?
So what you gonna do?
What you gonna do if I say
I'm gonna leave with you tonight, tonight, tonight?
What you gonna do if I say
I'm gonna leave with you tonight, tonight, tonight?
So you can call me up and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well, let me know what's up
We can do whatever you wanna do
I spotted you and I noticed how you were lookin' at it
It's up to you, however you want to get at it
Well, make your move
'Cause I'll be waitin' for you tonight, tonight, tonight
So can I roll with you?
You can roll with me
It's what you wanna do
Let me know, girl
So I'll be down with you
You'll be down with me
It's what you wanna do
Let me know, boy
I got the whip outside
When you're ready, we can go
It's sittin' on them thang
So you know we about to roll
I'm tryin' to get at you
So you can leave with me tonight, tonight, tonight
So what you gonna do?
What you, what you gonna do wit it?
What you gonna do if I say

I'm gonna leave with you tonight, tonight, tonight?
What you gonna do if I say
I'm gonna leave with you tonight, tonight, tonight?
So you can call me up and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well, let me know what's up
We can do whatever you wanna do
I like the way you comin' at me, boy, it feels good
You put it down like I know you would
It's me and you alone, boy, let's take our time
Ain't no need to rush, we'll do what's on your mind
So can I roll with you?
You can roll with me
It's what you wanna do
Let me know, girl
So I'll be down with you
You'll be down with me
It's what you wanna do
Let me know, boy
I got the whip outside
When you're ready, we can go
It's sittin' on them thang
So you know we about to roll
I'm tryin' to get at you
So you can leave with me tonight, tonight, tonight
So what you gonna do?
What you, what you gonna do wit it?
You wanna go with a rider, you wanna ball out in style
Well, get behind the wheel with the trill
I'll make it worth your while
I'll show you just how it feels to live like a queen
And cut you out a slice of life, baby that you've never seen
The best cars, clothes, cribs and shine
Not to mention the thug love makin' to blow your mind
Anytime she want more than just a one hitter quitter
She already know, call me up and mayne, I'm comin' to get her
So what you gonna do?
What you gonna do if I say
I'm gonna leave with you tonight, tonight, tonight?
What you gonna do if I say
I'm gonna leave with you tonight, tonight, tonight?
So you can call me up and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well, let me know what's up
We can do whatever you wanna do

Play-N-Skillz, Natalie
