

# Witch Hunt

## Misfits

Wipe out the weak and dying  
I've got no use for you  
Sent from Hell, I know they're lying  
Just another sacrificeWe are on a witch hunt  
Hunt her down, for will she sink or float?  
We want independence from her spellExterminate the undetermined  
I've got no use for you  
Sent from Hell, I know they're lying  
Hang her by her neck to dieWe are on a witch hunt  
Hunt her down, for will she sink or float  
We want independence from her spellWe're on a head hunt  
We're on a blood hunt  
We're on a witch hunt  
And we're gonna get you  
We're coming after you tooOh, witch hunt  
We're on a witch huntWe are on a witch hunt  
Hunt her down, for will she sink or float  
We want independence from her spell  
We're under a spellWe're on a head hunt  
We're on a blood hunt  
We're on a witch hunt  
And we're gonna get you  
We're coming after you
