

# Baby's First Christmas Lullaby

Neil Sedaka

Papa sings a Christmas song  
And it's so sweet that Nana sings along  
The music notes fall from the sky  
It's Baby's First Christmas Lullaby  
The angels smile and spread their wings  
And if you listen you can hear them sing  
And through the room reindeers dance and fly  
That's Baby's First Christmas Lullaby  
Charlotte wakes when she hears the croons  
Of candy canes and singing spoons  
Hush, Amanda, now don't you weep  
Your dolls will sing you back to sleep  
Then  
Santa comes with Rudolph too  
And here's a special gift they bring to you  
And you can sing it if you try  
That's Baby's First Christmas Lullaby  
The Christmas tree begins to sway  
And all the toy balloons just seem to say  
Don't let the music pass you by  
It's Baby's First Christmas Lullaby  
Then  
Tweedle dumb and Tweedle Dee  
Are harmonizing 'neath the tree  
The mistletoes let out a sigh  
They're telling you, you must not cry  
So  
Join with me in this Christmas song  
And you'll feel good if you can sing along  
So sing it loud and don't be shy  
That's Baby's First Christmas Lullaby(I Love You, Papa Neil)
