## Cryptic Slaughter

Fear! A fear that is learned  
- Somebody told you  
Hear! What I have to say  
- Or must I show you  
We're! All in it together  
- So don't believe the lies  
You're! Gonna make a difference  
- But only if you tryRound and round  
    We keep going  
    On a train  
    No sign of slowing  
    But I tell you it's  
        Got to stop  
    Beat a dead horse  
Till we dropMan! We all are the same  
- There is no difference  
    Can't! We ever be one  
- And see beyond the skin  
Race! Is something to win  
- But we keep losing ground  
    Peace! Before it's too late  
- I want to hear the soundA slight of hand a twisted mind  
    The touch of hate has made you blind  
    Fight in the streets can't get no sleep  
    Pushing and shoving we're in too deep
