Flex

Arizona Zervas

Ooh
Ooh
Yeah
Yeah
Yeah
Yeah
I got Sarah I got Sandy
Got Rachael I got Randy
Girls love the kid, probably while my ex can't stand me
Girl I had to go and flex, so I moved onto the next
Yeah I used to love these hoes, but I moved onto the cheques
Couple bitches in my phone, and they tried to hit the kid up
They both wanna bone so you know I hit that bitch up
I'm a dog, yeah I'm on, got me feeling like the man
Racing for a hundred grand, call that battle of the bands
with my fam chasing cheese, probably smoking, facing trees
bet that we all gon be rich, guess that you gon wait and see
no new friends it's just us working, grinding, making bucks
had to cuss them homies off cause they were actin' fake as fuck
and these ladies got me stressing, but i don't pay no mind
been working on this music and i know it's gon take time
finally poppin, yeah I know, now these girlies lining up
don't be tryina hit my phone, bell is ringing, time is up
Cause I got Sarah I got Sandy
Got Rachael I got Randy
Girls love the kid, probably while my ex can't stand me
Girl I had to go and flex, so I moved onto the next
Yeah I used to love these hoes, but I moved onto the cheques
Boy it's music, Fuck you doin? I been winning, you been losing
Couple drinks to ease my brain, Every weekend I been boozin
used to do that shit with you, now i do it with my new bitch
she givin me that brain, got me feelin like a student
I do this, it's nothing new, all these bitches love my crew
She come to my show to see me rap, and she gon fuck me too
Now I don't got a whip, but you know she gon ride
I hit it wacked and hit it twice, she wanna be my bride
These ladies got me stressing, (yeah) but I don't pay no mind
been working on this music, and I know it's gon take time
Finally poppin, yeah I know, now these girlies lining up

don't be tryina hit my phone, bell is ringing, time is up
cause I got Sarah I got Sandy
Got Rachael I got Randy
Girls love the kid, probably while my ex can't stand me
Girl I had to go and flex, so I moved onto the next
Yeah I used to love these hoes, but I moved onto the cheques
(So i moved onto the cheques)
(yeah I moved)
(yeah I moved)
(yeah I moved)
(yeah I moved onto the cheques now)
