CAN WE GO

Lext

Let me sit down
And tell you how this thing had really started
When I come around
You act like loving you is under auditSo baby can you gimme just a little more time
'Cause I'm having problems trying to read your mind
I really don't know what do with you
What's so weird to you, now I'm through with youCan we, can we go back
To where love is?
Can we, can we go
Can we go back to where love is?Pretty memories are coming back to me
But I remember what you said to me
When you walked away the other days
What I remember mostTrying to get past the things you said
Holding onto all the love I thought we had
Wishin' I could just replace
Tryin' to erase all the pain so weCan we, can we go back
To where love is?
Can we, can we go
Can we go back to where love is?Girl, you know I can foresee it
I wanna try but I can't deny needless
Baby, think of what you're saying
We can try 'cause I won't stop believin'Can we, can we go back
To where love is?
Can we, can we go
Can we go back to where love is?Can we, can we go back
To where love is?
Can we, can we go
Can we go back to where love is?
