Die Romantic

Aiden

You can illustrate your life in romance
Well, I can show you something
So much more than the words in my hands
It's not your best intention now to burn your friends
This is your last night, this is your last chance in my hands
(Die romantic, romantic)
This is the nightmare we fall asleep
(Die romantic, romantic)
This is the nightmare we die complete
(Die romantic, romantic)
Tonight's the night and it's all we need now, to die romantic
I sat and watched your heartbeat fade with every breath
I watched your lips turn blue
Your eyes went cold and all, with all the rest
I felt the panic and tried to breathe, is this happening?
I've fucking had it, God save me please
'Cause I don't think she'll make it through the night
(Die romantic, romantic)
This is the nightmare we fall asleep
(Die romantic, romantic)
This is the nightmare we die complete
(Die romantic, romantic)
Tonight's the night and it's all we need now, to die romantic
(Die romantic, romantic)
This is the nightmare we fall asleep
(Die romantic, romantic)
This is the nightmare we die complete
(Die romantic, romantic)
Tonight's the night and it's all we need now, to die romantic
Your last words to me tonight's the night
Meant redemption was only found in books
Your last words to me tonight's the night
Meant redemption was harder than it looks
So take care of what you love
And all this stuff are remnants of a life in shattered glass
It's all I have to ask
I
(I)
Miss

(Miss)
You
(You)
I
(I)
Miss
(Miss)
You
(You)
You can illustrate your death in romance
I can show you something so much more than words in my hands
Felt the dead end price you paid for every day
This is your last night, suicide kept tight, you?re gone tonight
(Die romantic, romantic)
This is the nightmare we fall asleep
(Die romantic, romantic)
This is the nightmare we die complete
(Die romantic, romantic)
Tonight's the night and it's all we need now, to die romantic
(Die romantic, romantic)
This is the nightmare we fall asleep
(Die romantic, romantic)
This is the nightmare we die complete
(Die romantic, romantic)
Tonight's the night and it's all we need now, to die romantic
Die romantic, die romantic
Die romantic, die romantic
Die romantic, die romantic
Tonight
