

# Always Have

## Vertical Church Band

When I'm spent and restless,  
A thousand marks I've missed.  
Your cross says "It's finished",  
Not one sin have I missed. You love me, You always have.  
You choose me, just as I am.  
You love me, You always have. When lies say you're absent,  
And I feel abandoned.  
You stir in, the stillness,  
And all I know is this, All I know is. You love me, You always have,  
You choose me, just as I am.  
You love me, You always have .  
You love me, You always have,  
You choose me, just as I am.  
You love me, You always have . You never stop,  
You never stop chasing.  
You never stop,  
You never stop wanting me.  
Never stop,  
You never stop calling my name,  
I'll never know how much. You never stop,  
You never stop chasing.  
You never stop,  
You never stop wanting me.  
Never stop,  
You never stop calling my name,  
I'll never know how much.  
You love me, You always have,  
You choose me, just as I am.  
You love me, You always, always have.  
You love me, You always have,  
You chose me, just as I am.  
You love me, You always have, You love me, You always have,  
You love me, love me,  
You always have. You always have,  
You always have,  
You always have,  
You always have,  
You always will.
