

Little by Little

Orange Grove

You got to get yours and Iâ€™ve got to make mineâ€”
and little by little itâ€™ll be but itâ€™ll take timeâ€”
I promise not to waste yours if you donâ€™t waste mineâ€”
cause we both know it takes timeâ€”

Time it never stopped just from waiting in a line
â€”it never had a pause button or no rewind
â€”itâ€™s always yours itâ€™s just a state of mindâ€”
as long as Iâ€™m alive I know Iâ€™ll keep tryingâ€”
Time it never stopped just from waiting in a line
â€”it never had a pause button or no rewind
â€”itâ€™s always yours itâ€™s just a state of mindâ€”
as long as youâ€™re alive youâ€™d better keep trying

You got to get yours and Iâ€™ve got to make mineâ€”
and little by little itâ€™ll be but itâ€™ll take timeâ€”
I promise not to waste yours if you donâ€™t waste mineâ€”
cause we both know it takes timeâ€”

Nuffa people give up dem whole life for a lieâ€”
You donâ€™t have to be that girl you donâ€™t have to be that guyâ€”
You never missed it til ya well turned dryâ€”
Ya never loved it til ya wellâ€™s all dried upâ€”
better open your eyes up donâ€™t just stare into the skyâ€”
Thereâ€™s lotsa work to be done and oh what itâ€™s worth to be youngâ€”
so donâ€™t you waste it cause what you do now you canâ€™t erase it

You got to get yours and Iâ€™ve got to make mineâ€”
and little by little itâ€™ll be but itâ€™ll take timeâ€”
I promise not to waste yours if you donâ€™t waste mineâ€”
cause we both know it takes timeâ€”

All those troubles on your mind and all they do is bring you down
