Tide (feat. Ke'nekt)

Foria

You fight me with the hardest words
Punch my chest till it hurts
Picking up the pieces that keep falling apart
When did you turn your head?
Erase me,
Searching for my heart in the debris
Iâ€™ve lost myself since you left me
Iâ€™ve lost myselfâ€¦
Iâ€™ve lost myselfâ€¦

I'm watching the tide roll in
Washing me from what has been
Blinded by the sea, mesmerizing
Didnâ€™t know I was fighting to breathe
Cause I let the tide
I let the tide
I let the tide
I let the tide take me

Oh... Iâ€™m spinning and everythingâ€™s confusing
I canâ€™t seem to slow my mind down
Is it you?
Is it me?
Is it us?
Is it lust?
Is it trust?
Is it just cause?
I canâ€™t figure it out.
When did you turn your head?
Erase me,
Searching for my heart in the debris
Iâ€™ve lost myself since you left me
Iâ€™ve lost myselfâ€¦
Iâ€™ve lost myself...

I'm watching the tide roll in
Washing me from what has been
Blinded by the sea, mesmerizing
Didnâ€™t know I was fighting to breathe

Cause I let the tide
I let the tide
I let the tide
I let the tide take me
I let the tide take me
