

# Tide (feat. Ke'nekt)

## Foria

You fight me with the hardest words  
Punch my chest till it hurts  
Picking up the pieces that keep falling apart  
When did you turn your head?  
Erase me,  
Searching for my heart in the debris  
Iâ€™ve lost myself since you left me  
Iâ€™ve lost myselfâ€  
Iâ€™ve lost myselfâ€

I'm watching the tide roll in  
Washing me from what has been  
Blinded by the sea, mesmerizing  
Didnâ€™t know I was fighting to breathe  
Cause I let the tide  
I let the tide  
I let the tide  
I let the tide take me

Oh... Iâ€™m spinning and everythingâ€™s confusing  
I canâ€™t seem to slow my mind down  
Is it you?  
Is it me?  
Is it us?  
Is it lust?  
Is it trust?  
Is it just cause?  
I canâ€™t figure it out.  
When did you turn your head?  
Erase me,  
Searching for my heart in the debris  
Iâ€™ve lost myself since you left me  
Iâ€™ve lost myselfâ€  
Iâ€™ve lost myself...

I'm watching the tide roll in  
Washing me from what has been  
Blinded by the sea, mesmerizing  
Didnâ€™t know I was fighting to breathe

Cause I let the tide  
I let the tide  
I let the tide  
I let the tide take me  
I let the tide take me
