

# Midnight Fix

## Asteria

Oh, how you move.  
You could have anyone.  
You're just so smooth.  
Dressed to kill, Sweetheart.  
You're well aware you could have anyone.  
Can I have this dance right now?

### CHORUS:

Girl, I'm shaking in my shoes,  
Can't get away from you  
while you're moving on the dance floor,  
I'm begging you for more.  
(Whoa, whoa)

Just take my hand and we can shake it all night long.  
When our bodies roll,  
so natural.  
If only I could talk to you.

So run your fingers through your hair.  
I'm only human; I can't help it.  
You're my worst addiction.  
I need a hit,  
a taste of midnight fix.(x2)

Oh, how you move  
you could say anything.  
You're just so smooth.  
Dressed to kill, Sweetheart.

(CHORUS)  
Just one more dance  
to get me through the night.
