Rio de Janeiro

Kristina Bach

The color of my dreams
Are green and blue and yellow
I wanna feel the heat
In Rio De JaneiroCopacabana beach
That's where i wanna go
Come fly away with me
To Rio De Janeiroooh ohhhh oh
To Rio De Janeiro
ooh ohhhh oh
To Rio De JaneiroI'm on a plane, so damn gone
I let my friends and my phone at home
I made a route to a different time zone
You can catch me in the club with my flip flops on
like "hey, girl, what's your name"
I'm B-A, girl, quit your playin
We'll pop champagne, we'll spray our day
They wake up on the beach, heyI wanna get away just take me to another place
We'll have a better day just leave it all the... to me
Copacabana in the sand, drink in my hand
Beautiful women all around me, good lord, hot damnThe color of my dreams
Are green and blue and yellow
I wanna feel the heat
In Rio De JaneiroCopacabana beach
That's where i wanna go
Come fly away with me
To Rio De Janeirooh oh oh, ooh ohhhoh oh oh
ooh ohhhohI wanna feel the heat
In Rio De Janeirooh oh oh, ooh ohhhoh oh oh
ooh ohhhohCome fly away with me
To Rio De JaneiroLast night was also crazy - at least what i remember
This place is hot as A.Z - and it's mid-december
Warm nights, holidays
Lose that shirt, girl, let's get crank
Warm nights, holidays
Lose that shirt, girl, let's get crankMy favorite DJ's at the hottest club at night
And you best believe, that I'ma be on stage doin' it right (right)
My favorite DJ's at the hottest club at night
And I, I'm lookin' fresh so let's go, Brazil te amo (?)oh oh
Daylight comin', we don't wanna fly home

Lookin' up the sun, lookin' like super models
spending money up, like we all won the lotto
Rio, Rio, RioThe color of my dreams
Are green and blue and yellow
I wanna feel the heat
In Rio De JaneiroCopacabana beach
That's where i wanna go
Come fly away with me
To Rio De Janeirooh oh, ooh ohhhoh oh oh
ooh ohhhohI wanna feel the heat
In Rio De Janeirooh oh, ooh ohhhoh oh oh
ooh ohhhohCome fly away with me
To Rio De JaneiroWe're on vacation, put your hands up in the sky
and if this is your birthday put your drinks up, yeah, that's why
i say, we're on vacation, put your drinks up in the sky
and if this is your birthday put your drinks up, yeah, that's right (yeah)
