Stay Awhile

The Bells

Into my room, he creeps
Without making a sound
Into my dreams, he peeps
With his hair all long and hanging downHow he makes me quiver
How he makes me smile
With all this love I have to give you
I guess, I'm gonna stay with him awhileShe brushes the curls from my eyes
She drops her robe on the floor
And she reaches for the light on the bureau
And the darkness is her pillow once moreHow she makes me quiver
How she makes me smile
With all this love I have to give her
I guess, I'm gonna stay with her awhileHow it makes me quiver
How it makes me smile
With all this love I have to give you
Guess I'm gonna stay with you awhileHow it makes me quiver
How it makes me smile
With all this love I have to give you
Guess I'm gonna stay with you awhileStay with you awhile
I guess, I'm gonna stay
