Orion

Glenn Hughes

High, highest in the open sky
Fate is a world you can't denyBring, you will bring the axle down
We escalate to hear the soundStandin' on my shoulder, I can feel ya gettin' bolder
In the light of day
Goodbye Arizona, I can see that you're a loner
And you shine awayOrion, OrionBorn, you were born within the light
I, plant the seed before your flightStandin' on my shoulder, I can feel ya gettin' bolder
In the light of day
Goodbye Arizona, I can see that you're a loner
And you shine awayHigh, highest in the open sky
Fate is a world you can't denyStandin' on my shoulder, I can feel ya gettin' bolder
In the light of day
Goodbye Arizona, I can see that you're a loner
And you shine awayStandin' on my shoulder, I can feel ya gettin' bolder
In the light of day
Goodbye Arizona, I can see that you're a loner
And you shine awayOrion
